

Activity coordination taskgroup feedback

WJvdM Steyn

Contents

- Matrix updates
- Activities updates
- Data swopping proposal
- Procedures

Matrix updates

- South Africa
- Others?

Activities updates

- HVS testing log
 - Added to HVSIA website
 - SA and Sweden information updated

Data swapping proposal

- Intention to enable different programmes to make use of data collected by another programme
- Currently a summary of the fields covered in the HVSIA matrix
- No specific data – links to reports in most cases

- Proposed action
 - Provide a discussion e-mail link on the website / Wiki
 - Similar to a blog
 - Send an e-mail with a data request to this link – routed to all HVSIA members
 - Member with data responds – correspondence thread on website / Wiki
 - Organise how to use data internally
 - Keep track through correspondence thread – if other parties are interested

Instrumentation summary

- No new information received during year
- Need updated information from HVSs (i.e. laser scanners)

Procedures

- New procedures added to the HVSIA website
 - Florida
 - SA
- Also visible on Pavement Interactive

So What???

- Proposal
 - Keep running in PI
