

HVSIA Website and Matrix 2007

CONTENT

- What is new
- Updates and new links
- The way forward

HVSIA site – what is new

- New address - www.hvsia.co.za
- Updated information on programmes and activities
 - Added a number of report links – need some more if possible
 - Need to clear out some data – if no reports or description – no real outputs available?
- Previous minutes updated
- Some matrix information updated
 - Acronyms added
- Instrumentation matrix added
- New matrix with current work in the planning

Additional information links being added

- PRC – new website ?
 - <http://www.its.berkeley.edu/pavementresearch/>
- CSIR – new publications website
 - CSIR Knowledge Management Portal
 - <http://www.csirkms.co.za/default.php>
- Pavement Research Advisory Committee website
 - Coordination of pavement research in SA
 - www.prac.co.za

Welcome to Built Environment Knowledge Dissemination Portal

This portal is a joint initiative between the CSIR and other government departments and organisations active in the built environment field. Currently the National Department of Transport and the Gauteng Department of Transport, Roads and Works are participating. The aim of the system is to provide the architecture and database for storage and access of technical information on the Built Environment. The database contains research articles and papers, technical reports, general information and newsletters. The search functionality allows the user to find information based on key word search or alternatively through selection of type of document, author name, year of publishing, technical focus area or strategic priority. The information is freely available, but it is required to register for administration purposes before you download any documents. Any member of the public may register as a user.

Organisations that wish to participate in this initiative may contact :

<p>Chris Rust Strategic Research Manager CSIR Built Environment Unit crust@csir.co.za (012) 841 2927</p>	<p>Webmaster Jenny Tweehuysen CSIR Built Environment jtweehuysen@csir.co.za</p>

HVSIAMatrix

- Focus on information sharing
- Part of the HVSIA website
- Requested data updates in areas where there are gaps
- Received some updates
- New matrix with current work in the planning
- Link to matrix

Way forward?

- Hosting of HVSIA matrix and website 2007/8
- APT08 co-operative paper ideas
- Identify contact people for updates to matrix
- Identify outstanding information – refer to Excel spreadsheet
